1. EVENT SUMMARY

Webinar Name : HOW AI AFFECTS OTHER DISCIPLINES

Date : 27th May 2022

Mode/Place : Virtual (Zoom)

No of Registrations : 650

No of Participants : 195

1.1 OVERVIEW

A webinar On "How AI affects other disciplines" Organized by Institute For Engineering Research And Publications (IFERP) on 27th May 2022 at 7:30 PM to 8:30 PM (IST) on Online platform. Mr. Pradeepta Mishra was the Guest speaker of this Program. Totally we received 510 Registration across the global and gained 110 views through Zoom and the purpose of the guest lecture is achieved and earned good comments from the Participants

1.2 ABOUT THE WEBINAR

Artificial intelligence (AI) is probably the defining technology of the last decade, and perhaps also the next. The aim of this study is to support meaningful reflection and productive debate about AI by providing accessible information about the full range of current and speculative techniques and their associated impacts, and setting out a wide range of regulatory, technological, and societal measures that could be mobilized in response.

2. Welcoming and Opening Ceremony

Welcoming Keynote Speaker of the webinar on How Al Affects Other Disciplines

3.Keynote Speaker

Mr. Pradeepta Mishra .
Head of Artificial Intelligence – Fosfor
LTI - Larsen & Toubro Infotech
Bangalore, India. TEDx Speaker, Start-up Mentor.

Biography:

Mr. Pradeepta Mishra has 16 + years of experience and currently is the Head of AI Fosfor, leading a group of Data Scientists, computational linguistics experts, Machine Learning and Deep Learning experts in creating value. He has expertise across core branches of Artificial Intelligence including Image Processing, Audio Processing, NLP, NLG and NLI and design and implementation of expert systems and personal digital assistants. He has received many notable awards. And recent ones are Special Recognition from CM of Odisha National Scholarship, India's “40Under40 DataScientists & quot; 2019and2020.

On behalf of the organizing committee, we released the Poster and HTML templates for the Webinar.

6. Conclusion:

A Free Faculty Development Programme On "How AI affects other disciplines" Promotions was started before a week of the Guest Lecture and the response & reach of the guest lecture was well good & gained more people into the IFERP. Due to the lack of time, we can't be able to cover the foreign countries, but we get few responses from other countries as well. Overall, it's a one of the successful event in 2022 in a short duration. Received a positive response from the students and academicians about the Guest Lecture.
